

10 Tips To Choose Best Lipstick Shade For You

Introduction

It seems a difficult job to choose the right lipstick shade for yourself. Well, there are many things to consider when you are going to choose the lipstick shade. A good lipstick shade can enhance your look while a bad one can ruin your look.

So, you have to be very careful about different things. At the moment, we are going to tell you about the 10 tips to choose best lipstick shade for you. Have a look at these tips below:

Rule Of Thumb

The rule of thumb is that you must not try out to match a lipstick shade to your outfit. There are many women who used to match their lipstick shade with their dress.

Well, it might seem right at times, for instance, when you will wear a red dress and apply red lipstick then it will look good. However, if you will use a green lipstick with the green dress then it might not look good at all.

Nudes

Always remember that the nudes can always go with anything you are wearing. The majority of the nudes are quite light than the natural color of the lips.

However, it softens the shade of the lips. In the event that you are going without makeup then you can only wear nudes. There are many makeup artists who make use of the nude lips on the eyes as well.

Pinks

Pink is one of the best shades of lipsticks. It will give a natural look to your lips as the original color of the lips is pink. The more natural shade you will give to your lips, the more beautiful you will look.

At times, you can try out to pair the ballet pink lipstick with the floral outfits. It will also go with your dark shaded dresses like black, dark blue, etc.

Reds

With the red shaded lipstick, you can have a bold look. For many years, red lipstick is quite trendy. It can be worn in numerous ways. It is also known as the neutral shade. It is really versatile and you can use it whether you are going to the office or a pub.

Berries

Berries are known as one of the hardest shades to wear. They are rich in shades and will go with the bright apparel. When you will be wearing berry then it can be a bit irresistible. You can pair up the berries with the neutral outfits as well to pop up the shade.

Blue Colored Outfits

Blue is quite a bright shade. You need to wear a lipstick that does not match with it at all. If you want to stand out from the crowd in an appealing manner than you have to consider the light pink or red shades with blue shade outfits.

Pink Colored Outfits

If you are wearing the pink colored outfits then you have to apply light pink or even transparent lipstick. In case you will use red or berries shade then it will not look good at all.

Red Colored Outfits

With red shaded outfits, you can wear a red lipstick. It will give you a bold appearance.

White Colored Outfits

In case you are wearing white colored outfits, then you can wear any shade of your choice. However, nude lip tones will go great with it.

Black Colored Outfits

When you are wearing black shaded outfits then you should use dark pink, plum or red lipstick shades to enhance your beauty.

Last Word
